

# Hallmark Electronics

---

We offer various electronic products like mains operated soldering irons, analog temperature controlled soldering station, digital temperature controlled desoldering station, mains operated desoldering irons smps power supply.

# A b o u t U s

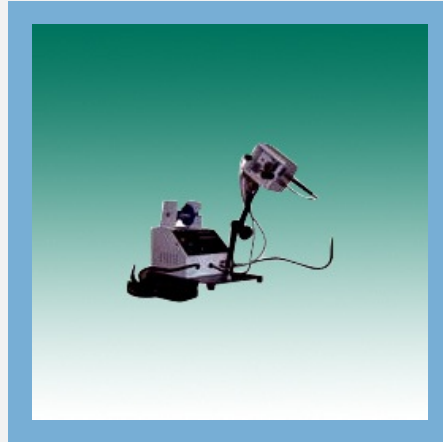

Since our inception in **1982**, we are involved in **designing, engineering, manufacturing and supply** of international class **electronic and electrical products** like solder baths, wax baths, temperature controlled solder baths, temperature controlled wax baths. We have emerged as the market leader in our business domain. we lay due stress on ensuring quality and precise designs in our products that has always been the hallmark of our products. We are committed to offer products with performance par excellence and innovate newer techniques to provide our clients with a large number of options for varied applications in the electrical industry. We have ultra modern computer based product designing system to critically design our precisely engineered products. Our products like solder baths, wax baths, temperature controlled solder baths, temperature controlled wax baths are the skillful combination of high grade raw material and components with advanced technology to fabricate economical electrical devices. Our Indigenous quality check facilities ensure that we have maximum level of quality in our products which has enabled us to grow.

## OUR PRODUCTS:

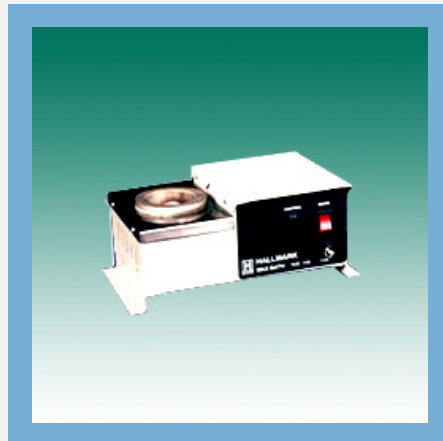

Temperature Controlled Soldering Station

Hands Free Soldering Station

Temperature Controlled Desoldering Station

Temperature Controlled Wax Bath

# OUR PRODUCTS:

Digital Temperature Controlled Soldering Station

Temperature Control Solder Bath

Pencil Type SMD Soldering Iron

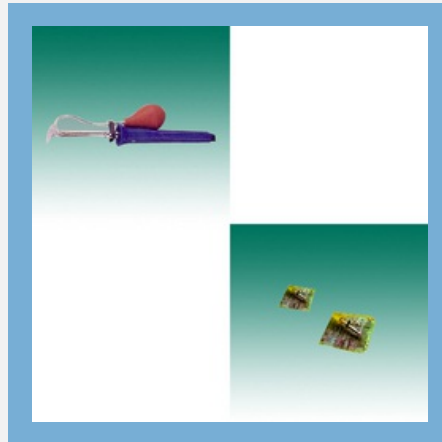

Mains Operated Soldering Iron 230 V

# OUR PRODUCTS:

Desoldering Station

Vacuum Desoldering Tool

Soldering Equipments

# Factsheet

Year of Establishment : 1985

---

Nature of Business : Manufacturer, Supplier, Wholesaler

---
